CAREER OBJECTIVE

Dedicated Junior Frontend Developer with hands-on experience building responsive, user-friendly web applications using React and Next.js. I am committed to writing clean, scalable code and delivering polished UI experiences. My goal is to grow within a collaborative team, contribute to impactful real-world projects, and continually expand my expertise in modern frontend technologies.

SKILLS

Languages & Frameworks	Styling & UI	Tools & Technologies	Soft Skills
JavaScript (ES6+)	Tailwind CSS	Vite	Problem Solving
React	DaisyUI	Git & GitHub	Analytical Thinking
Next.js	Responsive Web Design	REST API Integration	Communication
HTML5 / CSS3	Component-Based Architecture	Authentication (Better Auth)	Team Collaboration

PROJECTS

1. Next.js Authentication App

A secure, full-featured authentication web application built with Next.js, featuring user registration, login, and protected routing using Better Auth.

Live: <https://ephemeral-paprenjak-fdea78.netlify.app/> | GitHub (Client): github.com/khalidhasan-m/assignment7

- Secure user registration and login system with session management
- Protected routes accessible only to authenticated users
- Authentication implemented with Better Auth library
- Fully responsive UI built with Tailwind CSS

2. Contact Management App

A responsive React-based frontend application for managing and displaying structured contact data with reusable components and smooth state management.

Live: <https://lighthearted-cassata-d93713.netlify.app/> | GitHub (Client): github.com/khalidhasan-m/assignment6

- Dynamic, interactive UI built with React functional components and hooks
- Reusable, modular component architecture for scalable codebase
- Responsive design optimized for all screen sizes and devices
- Efficient local state management for real-time data rendering

EDUCATION

Master of Arts (MA) in English

National University, Bangladesh

EXTRA-CURRICULAR ACTIVITIES

- Self-directed learning of modern web development — React and Next.js ecosystem
- Built multiple frontend practice projects to strengthen UI/UX and component design skills
- Continuous improvement in interface design, accessibility, and web performance optimization

LANGUAGES

Bangla	Native / Full Professional Proficiency
English	Professional Working Proficiency
