

KHALID HASAN MESKAT

Frontend Developer

Kalapara, Patuakhali, Bangladesh | +8801789163147 | khalidhasanmeskat@gmail.com LinkedIn: linkedin.com/in/khalidhasanmeskat | GitHub: github.com/khalidhasan-m

SUMMARY

Frontend Developer experienced in building responsive, production-ready web applications with React, Next.js, and Tailwind CSS, including secure authentication (Better Auth) and REST API integration. Master of Arts in English with strong communication and analytical skills. Seeking a full-time frontend role.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3 **Frameworks:** React 19, Next.js 15 (App Router), React Router, Vite **Styling & UI:** Tailwind CSS, HeroUI, shadcn/ui, DaisyUI, Framer Motion, Embla Carousel **Auth & Data:** Better Auth (Email/Password, Google OAuth), Protected Routing, REST APIs, Axios, MongoDB, Kysely **Tools:** Git, GitHub, Vercel, ESLint, React Hook Form

EXPERIENCE

Independent Frontend Developer | 2025 – Present

- Built and deployed 5+ full-stack web apps with React, Next.js, Tailwind CSS, and Better Auth; all code is public on GitHub.
- Implemented email/password and Google OAuth authentication, session management, and protected routes.
- Integrated RESTful APIs with Axios; built responsive, animated UIs with HeroUI, shadcn/ui, and Framer Motion.

KEY PROJECTS

PawfectMatch — Pet Adoption Platform (Live on Vercel) | Next.js 15, Better Auth, Framer Motion, Tailwind CSS - Full-stack adoption platform with an automated approval workflow and an owner dashboard with search and filtering.

SunCart — eCommerce Store (Live on Vercel) | React, Next.js, Better Auth, React Hook Form, Embla Carousel - Seasonal eCommerce store with Google OAuth, protected order pages, product search, and an auto-scrolling hero slider.

Wanderlust — Travel Booking Platform | Next.js, HeroUI, Better Auth, MongoDB - Booking platform where authenticated users create, update, and delete destinations with responsive layouts.

Dragon News — News Portal Clone | Next.js, Better Auth, MongoDB, DaisyUI, React Hook Form - Rebuilt a Bangladeshi news portal with registration, post submission, and category management.
